

Committed to ensuring high standards of corporate governance.

Chairman's introduction to governance

For the year under review the Company has complied with the UK Corporate Governance Code. We have carried out a thorough evaluation of board performance which remains satisfactory.

Breakdown of Executive and Non-executive Directors

Board of Directors

The Board is committed to ensuring that high standards of corporate governance are maintained by Norcros plc and is accountable to the Company's shareholders for good corporate governance. Its policy is to manage the affairs of the Company in accordance with the principles of the UK Corporate Governance Code referred to in the Listing Rules of the UK Listing Authority. For the year under review, the Company has complied with the UK Corporate Governance Code as revised in 2016 (the Code) in all respects. A copy of the code is publicly available from www.frc.org.uk. The following sections of this statement describe the Board's approach to corporate governance and how the principles of the Code are applied. These sections refer to the year ended 31 March 2018, unless otherwise stated.

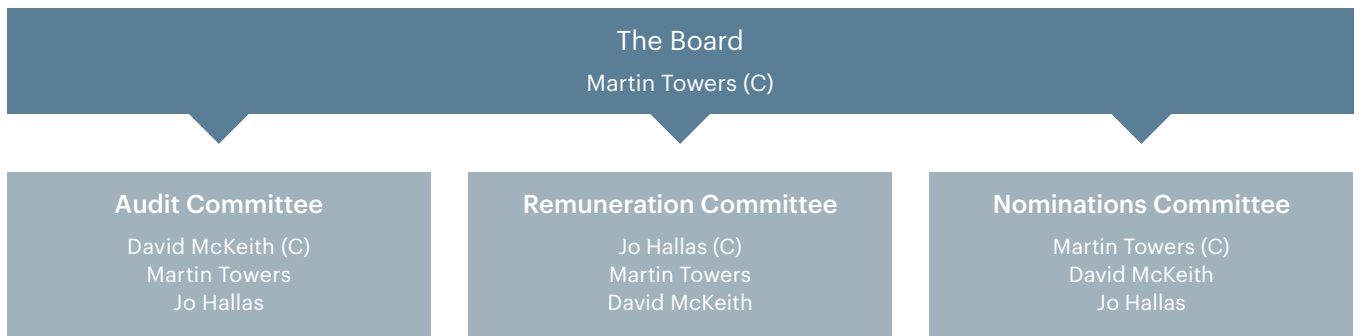

Looking to the future, the Board is actively considering the proposed changes to the Code, currently being considered, which could constitute a fundamental review of corporate governance in the UK. We will assess the likely consequences of the revised Code when it is published, which is expected later in 2018.

Board balance and independence

The Board currently comprises a Non-executive Chairman, two Non-executive Directors and two Executive Directors, who are all equally responsible for the proper stewardship and leadership of the Company. The Directors holding office at the date of this report and their biographical details are given on pages 34 to 35.

Taking into account the provisions of the Code, the Chairman and the two Non-executive Directors are considered by the Board to be independent of the Company's Executive Management and free from any business or other relationship that could materially interfere with the exercise of their independent judgement. The terms and conditions of appointment of the Chairman and the Non-executive Directors are available for inspection at the registered office of the Company. The letters of appointment set out the expected time commitment. Other significant commitments of the Chairman and Non-executive Directors are disclosed to the Board on a regular basis throughout the year. The Board is satisfied that the Chairman's other significant commitments do not prevent him from devoting sufficient time to the Company.

Governance structure

David McKeith is the Senior Independent Non-executive Director. He is available to shareholders if they have any issues or concerns which contact through the normal channels of Chairman, Group Chief Executive or Group Finance Director has failed to address or resolve, or for which such contact is inappropriate.

All Directors are supplied, in a timely manner, with all relevant documentation and financial information to assist them in the discharge of their duties by the making of well informed decisions that are in the best interests of the Company as a whole. The Board regularly reviews the management and financial performance of the Company, as well as long-term strategic planning and risk assessment. Regular reports are given to the Board on matters such as pensions, health and safety, and litigation.

Any concerns that a Director may have about how the Group is being run or about a course of action being proposed by the Board will, if they cannot be resolved once those concerns have been brought to the attention of the other Directors and the Chairman, be recorded in the Board minutes. In the event of the resignation of a Non-executive Director, that Director is encouraged to send a written statement setting out the reasons for the resignation to the Chairman who will then circulate it to the other members of the Board and the Company Secretary.

Chairman and Group Chief Executive

The positions of Chairman and Group Chief Executive are held by separate individuals and the Board has clearly defined their responsibilities. The Chairman is primarily responsible for the effective working of the Board, ensuring that each Director, particularly the Non-executive Directors, is able to make an effective contribution. The Group Chief Executive has responsibility for running the Group's businesses and for the implementation of the Board's strategy, policies and decisions.

Board, Committee and Director evaluation

The performance of the Board is appraised by the Chairman. The Executive and Non-executive Directors are evaluated individually by the Chairman. The Board, led by the Senior Independent Non-executive Director, appraises the Chairman, and the Board evaluates the performance of its three Committees. Evaluation processes are conducted periodically and they are organised to fit in with Board priorities and succession planning activity. A formal evaluation took place in the year under review in accordance with the requirements of the Code. This evaluation was conducted by means of detailed questionnaires, the results of which were then considered as appropriate, combined with meetings and discussions. The Chairman is responsible for the review of each Director's development and ongoing training requirements to ensure that the performance of each Director continues to be effective.

Advice for Directors

Procedures have been adopted for the Directors to obtain access through the Company Secretary to independent professional advice at the Company's expense, where that Director judges it necessary in order to discharge their responsibilities as a Director of the Company.

All Directors have access to the advice and services of the Company Secretary, who is responsible to the Board for ensuring that Board policies and procedures are complied with. Both the appointment and removal of the Company Secretary are matters reserved for decision by the Board.

Board procedures

The Board has a formal schedule of matters specifically reserved to it for decision which it reviews periodically. This ensures the Board takes all major strategy, policy and investment decisions affecting the Company. In addition, it is responsible for business planning and risk management policies and the development of policies for areas such as safety, health and environmental policies, Directors' and senior managers' remuneration and ethical issues. The Board provides direction to the management of the Company, and it is ultimately accountable for the performance of the Group.

The Board operates in such a way as to ensure that all decisions are made by the most appropriate people in a timely manner that will not unnecessarily delay progress. The Board has formally delegated specific responsibilities to Board Committees, namely the Nominations Committee, Audit Committee and Remuneration Committee. The Terms of Reference of those Committees are published on the Company's website at www.norcros.com.

The report of the Nominations Committee is on page 45, the report of the Audit Committee is on pages 40 to 44 and the report of the Remuneration Committee is on pages 46 to 62.

The Board will also appoint committees to approve specific processes as deemed necessary, such as aspects of corporate transactions or to authorise share option administrative actions.

The Directors and management teams of each Group company are responsible for those business entities. They are tasked with the delivery of targets approved by the Board on budgets, strategy and policy.

Corporate governance continued

Directors' roles

The Executive Directors work solely for the Group. However, in appropriate circumstances, Executive Directors will be encouraged to take on one non-executive directorship in another non-competing company or organisation. The Group Chief Executive has no non-executive directorships and the Group Finance Director is a non-executive director of Air Partner plc. This non-executive role provides useful experience and does not adversely impact his duties to the Company.

The terms and conditions of appointment of the Non-executive Directors are available upon written request from the Company. All the Non-executive Directors confirm that they have sufficient time to meet the requirements of their role. They also confirm to disclose to the Company their other commitments and to give an indication of the time involved in each such commitment.

The annual evaluation process includes an assessment of whether the Non-executive Director is spending enough time to fulfil his/her duties. If a Non-executive Director is offered an appointment elsewhere, the Chairman is informed before any such offer is accepted and the Chairman will subsequently inform the Board.

The Board has suitable procedures in place for ensuring that its powers to authorise conflict situations are operated effectively. Such powers are operated in accordance with the Company's Articles of Association by means of each Director having a responsibility to notify the Board of any conflict situation and for the Board to deal with that situation as appropriate.

The Board ensures that all new Directors (including Non-executive Directors) will receive a full, formal and tailored induction on joining the Company. As part of that induction procedure, the Chairman will offer to major shareholders the opportunity to meet a new Non-executive Director. The Chairman also periodically assesses the training and development needs of all Directors and ensures that any suitable training and updates are provided to Directors.

Retirement by rotation

Each of the Directors is subject to election by shareholders at the first Annual General Meeting after their appointment. Thereafter, in accordance with the Company's Articles of Association, all of the Directors are subject to retirement by rotation such that one third of the Directors retire from the Board each year and each Director must seek re-election at intervals of no more than three years. However, the Board has decided that every Director should, where appropriate, offer themselves for re-election at each Annual General Meeting. Accordingly, each continuing Director will seek re-election at the next Annual General Meeting. Biographical details of all of the Directors are set out on pages 34 to 35, where there is also a statement on the Directors' suitability for re-election.

Financial reporting

When releasing the annual and interim financial statements the Directors aim to present a fair, balanced and understandable assessment of the Group's results and prospects. The Directors have a collective responsibility for the preparation of the Annual Report and Accounts which is more fully explained in the Statement of Directors' Responsibilities on page 65.

Attendance by individual Directors at meetings of the Board and its Committees

The attendance of Directors at the Board and principal Board Committee meetings during the year is detailed in the table below:

| | Main Board 8 meetings | Audit Committee 3 meetings | Remuneration Committee 5 meetings | Nominations Committee 2 meetings |
|----------------------------|--------------------------|-------------------------------|--------------------------------------|-------------------------------------|
| Martin Towers, Chairman | 8/8 | 3/3 | 5/5 | 2/2 |
| Jo Hallas | 8/8 | 3/3 | 5/5 | 2/2 |
| David McKeith | 8/8 | 3/3 | 5/5 | 2/2 |
| Nick Kelsall | 8/8 | — | — | — |
| Shaun Smith | 8/8 | — | — | — |

Relations with shareholders

The Company recognises the importance of maintaining good communications with shareholders. The Company takes a number of steps to ensure that the Board and, in particular, the Non-executive Directors develop an understanding of the views of major shareholders about the Company. Directors have regular meetings with the Company's major shareholders and have regular feedback on the views of those shareholders through the Company's broker. Reports of these meetings, and any shareholder communications during the year, are given to the Board. In addition, the Company publishes any significant events affecting the Group and updates on current trading. The Chairman and the Non-executive Directors are also offered the opportunity to attend meetings with major shareholders and the Non-executive Directors, and in particular the Senior Independent Director, would attend such meetings if requested to do so by any major shareholder. In April 2018 the Board held a capital markets day, ensuring that the information provided at that event to major shareholders and analysts was also made available to all shareholders via the Company's website.

The Board regularly receives copies of analysts' and brokers' briefings. The Annual and Interim Reports, together with all announcements issued to the London Stock Exchange, are published on the Company's website at www.norcros.com.

The Notice of the Annual General Meeting is sent to shareholders at least 20 working days before the meeting. It is the Company's practice to propose separate resolutions on each substantially separate issue.

For each resolution, proxy appointment forms should provide shareholders with the option to direct their proxy to vote either for or against the resolution or to withhold their vote. The Company ensures that all valid proxy appointments received for general meetings are properly recorded and counted. For each resolution the Company ensures that the following information is given at the meeting and made available as soon as reasonably practicable on a website which is maintained by or on behalf of the Company:

- the date of the meeting;
- the text of the resolution;
- the number of votes validly cast;
- the proportion of the Company's issued share capital represented by those votes;
- the number of votes cast in favour of the resolution;
- the number of votes against the resolution; and
- the number of shares in respect of which the vote was withheld.

The Chairman seeks to arrange for the Chairmen of the Audit, Remuneration and Nominations Committees (or a deputy if any of them is unavoidably absent) to be available at the Annual General Meeting to answer any questions relating to the work of these Committees.

Accountability and audit

The respective responsibilities of the Directors and auditor in connection with the financial statements are explained in the Statement of Directors' Responsibilities on page 65 and the auditor's report on page 71. The Directors ensure the independence of the auditor by requesting annual confirmation of independence which includes the disclosure of all non-audit fees.

Risk management and internal control

The Board is responsible for the Group's system of internal control and for reviewing its effectiveness (covering all material controls including financial, operational, risk management and compliance). This is undertaken via an annual programme to review the internal control environment at each business unit. Each review is carried out by senior finance staff independent of that business unit. The results of these reviews are communicated to the Audit Committee.

The Board has carried out a robust assessment in order to identify and evaluate what it considers to be the principal risks faced by the Group and has also assessed the adequacy of the actions taken to manage these risks. This process has been in place for the period under review and up to the date of the approval of the Annual Report and Accounts. The principal risks are disclosed on pages 27 to 30.

The Group's insurance continues to be managed and co-ordinated centrally with the assistance of insurance brokers. This gives the Group full visibility of both claims history and the insurance industry's perception of the Group's overall risk via the respective insurance premiums. The Company examines the size and trend of these premiums and the extent to which it can mitigate the risk and reduce the overall risk burden in the business by considering the appropriate level of insurance deductible and the potential benefit of self-insurance in some areas.

Viability

In accordance with the Code, the Board has assessed the prospects of the Company, using a three-year assessment timescale, and concluded that there is a reasonable expectation that the Company will be able to meet its liabilities and continue in operation. The full viability statement is contained on page 27.

Operational structure, review and compliance

In addition to the Group Finance Director, the Group has Senior Financial Managers at its Head Office. The Board has considered whether the Company should have an internal audit department, having regard to the Group's risk management and internal control programme noted previously, together with the size and complexity of the Group. Near the conclusion of the 2017 financial year the Board decided to seek the creation of a Head of Internal Audit role and the employment of the appropriate resource. The Head of Internal Audit was appointed in July 2017 and he is in charge of the Internal Audit function for the Group. Further information on the work of internal audit is in the Audit Committee's report on pages 40 to 44.

The key elements of the controls framework within which the Group operates are:

- an organisational structure with clearly defined lines of responsibility, delegation of authority and reporting requirements;
- an embedded culture of openness of communication between operational management and the Company's Executive Management on matters relating to risk and control;
- defined expenditure authorisation levels; and
- a comprehensive system of financial reporting. An annual budget for each business unit is prepared in detail and approved by the Group Executive Management. The Board approves the overall Group's budget and plans. Monthly actual results are reported against budget and the prior year and the forecast for the year is revised where necessary. Any significant changes and adverse variances are questioned by the Board and remedial action is taken where appropriate. There is weekly cash and treasury reporting to the Group Finance Director and periodic reporting to the Board on the Group's tax and treasury position.

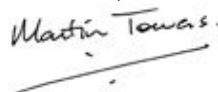

The system of internal control is designed to manage rather than eliminate the risk of failing to achieve business objectives and can only provide reasonable and not absolute assurance against material misstatement or loss. It is tested and developed as appropriate by the Head of Internal Audit working in conjunction with the Audit Committee.

The control framework as outlined above gives reasonable assurance that the structure of controls in operation is appropriate to the Group's situation and that risk is kept to acceptable levels throughout the Group.

Takeover directive

Share capital structures are included in the Directors' Report on page 64.

Approved by the Board of Directors on 13 June 2018 and signed on its behalf by:

Martin Towers
Chairman
